MICHELIN

SERVICES AND PROGRAMS

Behind the most innovative truck tires in the industry are innovative services and programs to keep your business moving and improve your bottom line. Choose from emergency road service, preventative maintenance services and more. And take advantage of Michelin's nationwide dealer network.

MICHELIN® Commercial Service Network

Meet the industry standard for consistent, professional dealer service across the nation. With the MICHELIN® Commercial Service Network, you can expect the highest quality of tires, services and knowledge. No matter where you are.

NAFA, Public Utility and Government Agency Customer Information:

It is the policy of Michelin North America, Inc. that the independent retailer or distributor shall properly and safely service every vehicle, and in the interest of highway safety, the right is reserved to refuse to service any vehicle if it cannot be made completely safe and road-worthy.

Automotive parts and service limited warranties are available and provided by the servicing retailer or distributor.

If retailer or distributor recommends certain specific parts or service required for satisfactory performance of work and such is declined by an authorized representative of your company and so noted on the delivery receipt, the parts or service warranty offered through the retailer or distributor on the work done and parts installed could be void.

The prices shown in this price list are applicable to all North America Fleet Accounts, Public Utilities, Government Agencies and Lease Management Accounts. No deviations will be accepted without the North America Fleet Account, Public Utility, Government Agency or Lease Management approval.

Prices Information

The prices shown in this price list are applicable to all North America Fleet Accounts, Public Utilities and Government Agencies. No deviations will be accepted without the North America Fleet Account, Public Utility and Government Agency approval.

The certified reference of the current Service Price Book is posted to the MichelinB2B Portal with all associated updates. MichelinB2B.com/eBusiness will reflect all current product/service information. Please reference the MichelinB2B Portal for current information.

Passenger Car/Light Truck Service Price Book

For a full list of Automobiles, Vans, SUVs and Light Truck services please refer to the MAST Passenger and Light Truck Service and Parts Price Book located at www.michelinb2b.com.

GENERAL INSTRUCTIONS

BILLING INSTRUCTIONS

To ensure proper invoice/credit is passed on a timely basis, please adhere to the following instructions:

1. Customer Requirements

Refer to the **North American Fleet Account Directory** (Certified/Supported reference is MichelinB2B Portal Directory/Daily Update and eBusiness Fleet Account Directory) for specific instructions or limitations for each **North American Fleet Account** Directory customer (NAFA).

Be sure customer has correct authorization for service required, e.g. vehicle number, purchase order number, physical copy of purchase order, Fleet Member Card number, or coupon. When additional service or substitutions are necessary or requested by driver, **PRIOR** approval must be obtained from the **North American Fleet Account**. Consult the North American Fleet Account Directory (Certified/Supported reference is MichelinB2B Portal Directory/Daily Update and eBusiness Online) listing for individual customer's specific instructions in obtaining such approval. If no instructions are given, the North American Fleet Account's prior approval is necessary. You **MUST** show on the Delivery Receipt the date, name and title of the individual giving approval. Drivers do not have the authority for final approval. Be sure the service work requested is not covered by the vehicle manufacturer's warranty.

2. Procedure

Most services have been combined including parts and labor for a single amount. Only the combined Service Code is provided. If the service performed requires both parts and labor, and the labor is not included in the purchase of the part, (or the part is not included in the cost of the labor), both Service Codes must be shown (part and labor), e.g., Repair Parts – S0197, Labor – S1047. Please note that some of the taxing states will exempt the labor charge from sales tax when the labor charge is listed separately on the invoice.

For parts and/or labor prices which are listed as PQL (Price Quoted Locally) in this Michelin North America, Inc. "Service Price Book", you must price these items consistent with current industry prices.

3. Delivery Receipt

Service Provider must submit National Account Transactions within thirty (30) days of transaction date. Carefully record on your Delivery Receipt the minimum description, Michelin Sales Product Number (MSPN) and/or Michelin Service Codes, quantity, P. O. #, signature by customer, vehicle log number or any other fleet specific requirements. (Certified/Supported reference is MichelinB2B Portal Directory.)

Service Provider is responsible for retaining this documentation for three (3) years. In the event of a customer invoice dispute or discrepancy, a copy of the Delivery Receipt/Work order, must be provided to Michelin North America, Inc. within ten (10) days of request. Failure to provide the Delivery Receipt/Work order will result in a reversal of all charges back to the Service Provider.

4. Correction Procedure

Service Providers must contact the National Account to resolve any billing discrepancies. The National Account must contact Michelin to authorize the correction via phone or email.

If items were left off the original Delivery Receipt (DR), service provider will need to create a new Delivery Receipt/workorder, obtain a new Purchase Order number and signature from the National Account for processing via MichelinB2B.com/eBusiness or dealers point of sale system. If the National Account initiates their National Account Transactions in eFleet (DRE's), the missing products and/or services must be submitted on a new eFleet order.

Michelin will reverse any unauthorized service work and/or part (not covered by the National Account purchase order) that is disputed by the National Account. It will be the responsibility of the Service Provider to resolve this dispute with the National Account. All National Account transactions billed incorrectly for overages, shortages, wrong product codes, missing/wrong information and incorrect quantities will not be corrected without approval from the National Account.

GENERAL INSTRUCTIONS

COMMERCIAL SERVICE WITHHOLDING

Effective January 1, 2021, Michelin North America (“Michelin”) will be modifying our reimbursement for services for Michelin authorized dealers who process service-related charges to NAFA customers through a delivery receipt, using the current Michelin Service List Price Book, according to the rates listed below.

- Non-MCSN Franchisees:
 - 95% for labor and parts (all S-Codes except ERS).
 - 95% for MRTI retreads and casings sold on the Galaxy Program.
 - 93% for emergency road service (“ERS”) hours (S1043 & S1044).
 - 88% for competitive brand tires and retreads sold in lieu of a MICHELIN® or BFGoodrich® tires.
 - Additional dealer withholding of \$4.65 per ERS event will be assessed.
- MCSN Franchisees:
 - 97% for labor and parts (all S-Codes except ERS).
 - 97% for MRTI retreads and casings sold on the Galaxy Program.
 - 95% for emergency road service (“ERS”) hours (S1043) & S1044).
 - 90% for competitive brand tires and retreads sold in lieu of a MICHELIN® or BFGoodrich® tires.
 - Additional dealer withholding of \$4.65 per ERS event will be assessed.

MICHELINB2B.COM / eBUSINESS INSTRUCTIONS

SALES AND SERVICE PROVIDER'S RESPONSIBILITIES:

1. Complete Delivery Receipt/Workorder form. Refer to the North America Fleet Account Directory for specific instructions or limitations for each NAFA Customer. The only certified reference is the current Fleet Account Directory posted to the MichelinB2B Portal and the associated daily updates.

The eBusiness “View Fleet Account Directory” online will reflect all current account/product/service information. The form (DR/Workorder) used to record transaction must be signed and have a P. O. # and all other information, (ex: vehicle #), if required by NAFA.

2. Provide a copy of the Delivery Receipt/Workorder to the NAFA, Public Utility and Government Agency customer, and maintain a file of signed Delivery Receipts/Workorder for future validation purposes for a period of three (3) years.
3. Ensure that National Account Transaction Delivery Receipt is submitted to Michelin via MichelinB2B/eBusiness/ process claims or electronically through point of sale system in a timely manner to avoid delays in processing (within six days of the transaction). DO NOT MAIL IN DR's.
4. Provide Michelin access to Delivery Receipts/Workorders upon request within 10 working days.
5. Transactions must be submitted within thirty (30) days of transaction date.
6. It is Servicing Dealers responsibility to verify in the North America Fleet Account (NAFA) Directory if the NAFA is credit card mandatory before providing service. (NOTE: Advise NAFA customer that credit card must be registered in MichelinB2B/Credit Card Management application. (Instructions for registering credit cards can be found on MichelinB2B or by calling Michelin Customer Service). If NAFA customer needs to register a onetime use, 'Orphan Card', this can be done by contacting Michelin Customer Service, during normal business hours.

It is the dealer's responsibility to obtain key credit card data to be used when processing transactions (1st and last 4 digits of credit card, name on card and expiration date). If the transaction cannot be processed with the credit card information provided, the Dealer must contact the National Account in order to review/verify that the credit card is registered and that the information is correct.

COMMERCIAL DEFINITIONS

AG – Agricultural

Dismount – The act of removing a tire from a wheel or rim.

EM – Earthmover

Emergency Road Service (ERS) – Service provided by a dispatched technician that is needed immediately to the vehicle location.

Flat Repair (Nail Hole Repair) – The proper repair of an puncture (injury in the crown area of the tire with a maximum diameter of 3/8 of an inch). The crown area is defined as the center of the tread approximately 1 to 1-1/2 inches in from each shoulder.

IND – Industrial

Mount – The assembly or putting together of the wheel and tire components to form a rim wheel, including inflation.

MRT – Michelin Retread Technologies (Michelin brand retreads)

OTR – Off-the-Road

Portal to Portal – The Dealer's complete service interval, from beginning to end. Includes the Dealer's travel time to the service site, time spent completing service, and returning to the original start location OR at completion of service and departure for another customer site.

Price Quoted Locally (PQL) – Prices quoted by the local servicing dealer.

Remove Wheel Assembly – Properly lifting and securing vehicle and removing the tire/wheel assembly.

Service Area – The part of an employer's premises used for the servicing of wheel assembly, or any other place where an employee services the wheel assembly.

Wheel – The portion of a wheel assembly which provides the method of attachment of the assembly to the axle of a vehicle and also provides the means to contain the inflated portion of the assembly.

Wheel Assembly – The assemblage of tire, tube and liner (where appropriate), and wheel components.

SECTION 1: SERVICES FOR COMMERCIAL TRUCK VEHICLES

EMERGENCY ROAD SERVICE (ERS) 1-800-TIRE-911

Use of Emergency Road Service (ERS) codes requires the dispatch of a technician and service vehicle to the site of the Fleet Customer’s vehicle. Service hours are billable in 15 minute increments and are calculated portal to portal from the time of departure to the time of return (technician’s home, company shop, etc.) or departure for another Customer site, whichever comes first. They are also subject to minimum hourly charges.

Regular Hours of Service	7:30 am – 5:00 pm M-F	1 Hour Minimum
After Hour Service	5:01 pm – 7:29 am M-F, All day Sat, Sun and Listed Holidays*	2 Hour Minimum

*US Holidays: New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day

Hourly ERS rates include the following:

- Mount/Dismount Charges
- Install/Remove Wheel Assembly
- Flat Repair Labor and Parts (including patch and cement)
- Miscellaneous Labor
- Inside Dual Charges
- Mileage Traveled

FUEL SURCHARGE

- In the event that fuel prices experience volatility, Michelin will implement a fuel surcharge policy on Emergency Road Service transactions. This surcharge is based upon the www.eia.gov published diesel price.
- See separate fuel surcharge policy for additional details which will be published on the www.michelinb2b.com portal.

Commercial Vehicle Emergency Road Service Call Rates			
CODE	SERVICE DESCRIPTION	INCLUDES	RATE
